

## COMPAMED

COMPAMED 2009, Düsseldorf, 18.-20.11.09, Hall 08a / Booth F19

## AEMtec at the Compamed 2009

AEMtec provides made-to-order solutions with a strong engineering-competence for medical technology and presents at the World Forum for Medicine.

Experts of the medical technology industry show at COMPAMED 2009 new developments, ranging from plastic and ceramic components to surfaces and material analysis, as well as sensor technology and implants at the IVAM Product Market "High-tech for Medical Devices". The focal themes include nanomed, advanced materials, microtechnology and high-tech manufacturing. A highlight will be the topic "Quality management using excellent measurement, testing and analyzing technology".
